

DEEPANSHU GUPTA

Senior RPA Developer • Automation Analyst

Noida, India | +91-7078773951 | deepanshudg99@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

RPA and Automation professional with 4 years of experience delivering enterprise-scale automation and BI solutions across Blue Prism, Power Automate, and UiPath for global clients including Bayer, International Paper, and Allegheny Technologies Incorporated (ATI). Specializes in translating business requirements into production-ready workflows, governing large multi-application ecosystems, and streamlining vendor and incident management across cross-functional, distributed teams. Complements automation expertise with SQL, Python, and Power BI to convert operational data into KPI dashboards that drive decision-making. Recognized for accelerating deployment velocity, strengthening system uptime, and driving measurable gains in operational efficiency across every engagement.

KEY SKILLS

✓ Blue Prism	✓ Power BI & DAX	✓ Power Query	✓ RPA Development
✓ Power Automate	✓ Data Modeling	✓ SQL / MySQL	✓ Python (Pandas)
✓ UiPath	✓ Process Automation	✓ Process Documentation	✓ Root Cause Analysis (RCA)
✓ ServiceNow	✓ Excel VBA	✓ KPI Reporting	✓ Data Visualization
✓ Vendor Management	✓ Stakeholder Management	✓ Cross-Functional Leadership	✓ Production Support

PROFESSIONAL EXPERIENCE

Senior Associate Consultant | Infosys

May 2025 – Present

Promoted from **Associate Consultant (May 2025) to Senior Associate Consultant (Jul 2026)**. Govern a 16-application enterprise automation ecosystem for **Bayer and International Paper**, leading a 3-person team and owning production stability, vendor relationships, and compliance.

- **Delivered 100+ Blue Prism deployments across Dev, Test, and Prod environments** by translating business requirements into scalable automated workflows with end-to-end testing, accelerating release cycles.
- **Sustained 95%+ system availability across 16 enterprise applications** (Blue Prism, BME, GRFX, ESKO, LISAM, Celonis, and others) while leading a cross-functional team of 3.
- **Streamlined vendor coordination** for installs, upgrades, and issue resolution across **10+ vendor relationships**, cutting turnaround time by ~40%.
- **Directed Oracle Java license compliance monitoring** across Windows, Unix, and Workstation servers for **20K+ machines**, mitigating multi-million-dollar audit risk exposure; coordinated as SPOC across business, SMEs, and technical teams to resolve escalations.

Custom Software Engineer | Accenture

Aug 2022 – May 2025

Progressed from **Associate (Aug 2022) to Analyst (Dec 2023)**. Delivered end-to-end RPA development and production support for **Allegheny Technologies Incorporated (ATI)**, owning workflow builds, testing, and incident resolution for live bots.

- Designed and deployed Blue Prism RPA workflows that **reduced business processing time by 50%**, directly increasing team productivity and process throughput.
- **Authored 20+ high-level automation use cases across 10+ business processes**, shaping the RPA delivery roadmap and informing prioritization for the account.
- Owned the full RPA lifecycle from **design through development, 3-phase testing, and production go-live for 20+ processes**, debugging defects and optimizing performance ahead of each release.
- **Resolved 30+ ServiceNow incidents per month through root cause analysis (RCA)** on live RPA bots; authored playbooks that improved team knowledge transfer.

KEY PROJECTS

- **Customer Churn Analysis (Python, Pandas, MySQL, Power BI, DAX)** – Cleaned and analyzed a churn dataset, then built a Power BI dashboard identifying key churn drivers across tenure, contract type, and payment method.
<https://github.com/Deepanshu07/customer-churn-analysis.git>
- **Sales Analytics Dashboard (SQL, MySQL, Power BI, DAX)** – Built an interactive dashboard tracking Sales, Profit, and Orders KPIs, using SQL to surface regional and category-level trends.
- **Toy Store KPI Report (Power BI, DAX, Power Query)** – Formulated a retail KPI dashboard tracking sales, profit, and inventory performance, surfacing seasonal demand patterns via DAX.

EDUCATION

Bachelor of Technology, Computer Science – GLA University, Mathura, U.P. | Aug 2018 – Jun 2022

CERTIFICATIONS

1. Microsoft Certified: Power BI Data Analyst Associate
2. Microsoft Certified: Power Automate RPA Developer Associate
3. UiPath Certified Professional Automation Developer Associate
4. Google Analytics Skillshop Certification
5. Kaggle Python Certificate
6. Kaggle Pandas Certificate
